## Pokemon ultra sun affection guide list pdf printable 2017

It was empty until Loading the Dex!, where Kukui completed the Pokédex by having a Rotom enter the device, turning Rotom into what it calls the Pokédex Rotom version (Japanese: ロトムポケデックスフォルム Rotom Pokédex Forme). The personality of the Rotom Dex can be influenced in three different ways: defeating many Pokémon will result in Rotom having an aggressive demeanor; using Pokémon Refresh often will give Rotom a more playful personality; and visiting Pokémon Centers often will make Rotom more easy going. Pokémon found through the Poké Finder will be registered as seen in the Pokédex. The card box and set of 64 sleeves that come with it both feature protagonists Pokémon Sun and Pokémon Moon in their updated attire, version mascots Dusk Mane Necrozma and Dawn Wings Necrozma, as well as starter Pokémon Rowlet, Litten, and Popplio in front of an Ultra Wormhole. Selene using the Poké Finder The Poké Finder (Japanese: ポケファインダー Poké Finder) function allows players to take pictures of Pokémon in locations where the icon on the player's bottom screen turns into that of a camera. It is unlocked after visiting the Pokémon Center on Route 2. Rotom will also ask questions at certain story intervals, and upon reaching Poni Island, every interaction that produces a heart will guarantee the reading of the Roto Loto. By tapping the screen, the player can access a variety of functions: When the player taps the center of the map, Rotom repeats its most recent suggestion on where to go next. In Pokémon Ultra Sun and Ultra Moon, a Pokémon that can only be encountered in an SOS Battle will have a picture of an Adrenaline Orb next to its location markers when the map is zoomed in. As the total number increases, new versions of the Poké Finder can be unlocked as follows: Version 1: Default version. Angered by this, Professor Kukui forced Sun to retrieve Rotom while he attempted to clean the dirty Pokédex. Upgrades Upon taking pictures, the player is awarded with a "Thumbs-up" score, which is then added to the total number of "Thumbs-Ups" the player has earned over time. While inside the Pokédex, Rotom can speak with the player. It appears in Pokémon Sun, Moon, Ultra Sun, and Ultra Moon. An upgrade of the Pokédex. The Pokédex can also produce QR Codes for the QR Scanner for most registered Pokémon. Functions In Pokémon Sun and Moon, the Rotom Pokédex appears on the bottom screen, displaying a map of the area the player is currently in. This is further supported by the Pokémon Adventures manga, wherein Professor Kukui reveals that the Rotom Pokédex was developed by "Kalos's famous genius inventor", and Rotom Pokédex's conceptual artwork for Sun and Moon, which features Clemont. This Pokédex was the one that Rotom decided to enter, becoming the Rotom Pokédex in the process. The feature can be activated by tapping on Rotom's eyes once it starts to glow gold, which can occur at random times between 10-20 minute intervals. Pokédex Main article: Pokédex → Functions → Entries → Generation VII The Rotom Pokédex's primary function is a fully featured Pokédex. Points Increases the Exp. Uncommon Roto Stealth Prevents you from encountering wild Pokémon for a certain period of time. After Moon successfully delivered Rotom, Professor Kukui decided to have it enter Sun's empty Pokédex. Due to this particular Rotom having a weak body, it was unable to be transferred electronically. In addition to functioning as a regular Pokédex, the Rotom Pokédex also has other features for the player to use. It is a Pokédex that is enhanced after being possessed by a Rotom. Common Roto Prize Money Triples the prize money you receive after a battle. Later, it was revealed that Professor Kukui had a spare Pokédex, which he gave to Moon. In the TCG This listing is of cards mentioning or featuring Rotom Pokédex in the Pokémon Trading Card Game. Rare Roto Hatch Helps Eggs hatch faster. Once the player reaches Poni Island, the player can also activate Roto Loto by interacting with Rotom or answering its questions. The broad map is also used when the player uses Charizard Glide. Elio using the Rotom Pokédex The Rotom Pokédex (Japanese: ロトム図鑑 Rotom Illustrated encyclopedia), also known as the Rotom Dex, is an electronic device found in Alola. The player can scroll between the islands using the L and R Buttons and can zoom in using the Y Button. After becoming the Champion, the Rotom Dex will activate Roto Loto if certain requests are fulfilled, such as after Mantine Surfing or Ultra Warp Riding. Rare Roto Encounter Increases the chance of encountering high-level wild Pokémon a lot for a certain period of time. Additionally, taking a photo when prompted by Rotom following the evolution of a Pokémon will ready the Roto Loto, and taking certain actions after becoming Champion (such as surfing on Mantine) has a chance of readying the Roto Loto. Upon reaching 1,000 affection points, Rotom Dex can give the player a nickname depending on their choice. Its affection can range from 0 to 1,000 points. Rare Roto Friendship Helps Pokémon in your party grow friendly faster. When a Rotom Power is used during or outside of battle, the Rotom Dex will assist the player by allowing a Z-Move to be used again for a second time during the battle. The advice given changes depending on how much the player responds to the Rotom Dex. In the manga Pokémon Adventures Main article: Rotom Pokédex (Adventures) Rotom, prior to entering Moon's Pokédex, in Pokémon Adventures The Rotom Pokédex in Pokémon Adventures The Rotom Pokédex debuted in The Grand Entrance and Delivery Boy Sun. Photo Locations Pictures can only be taken at specific locations, each of which features its own set of available Pokémon. Roto Loto Roto Loto is a feature that only appears in Pokémon Ultra Sun and Ultra Moon. In this mode, all places that the player can fly to are marked by wing icons. It is given to the player by Professor Kukui. In Pokémon Sun and Moon, Samson Oak mentions that the Rotom Pokédex was at least partially invented by a "young fellow from Kalos", which could be referring to Clemont. The Pokémon that can be encountered vary with the time of day. Every ten minutes, the Rotom Dex will get a sad look. Pokédex entries Episode Pokémon Source Entry JN037 Rotom Ash's Rotom Phone Rotom, Pokédex Forme. It then registered Ash as its user and followed him around throughout Pokémon the Series: Sun & Moon, before leaving to work with the Aether Foundation. The island maps (from the lower screen of the broad map) are also used when the player views a Pokémon's habitat from its Pokédex entry. Merchandise Welcome to Alola! Deck Case & Sleeves Also released alongside the new Generation VII games on November 18, 2016 were the Welcome to Alola! Deck Case & Sleeves (Japanese: デッキケース&シールド Welcome to Alola! Deck Case & Shield: Welcome to Alola!), a set including a deck case with a capacity to store up to 180 cards (or 90 cards in sleeves), two card dividers, and 64 card sleeves. When the player taps the black bridge between Rotom's eyes, the Pokédex function opens. When the player taps the map outside the center, the full map function opens, acting in a similar way to the Town Map in previous games. This special Pokédex is said to be rare, even in the Alola region. The Rotom Pokédex Mini Card File (Japanese: ミニカードファイルロトム図鑑 Mini Card File: Rotom Illustrated Encyclopedia) features the Rotom Pokédex and many native Alolan Pokémon. If the player taps the map, the screen's view broadens to show a larger map akin to Town Maps in other games. Rare Roto Catch Increases the chance to catch Pokémon a lot. Roto Loto allows the player to obtain items called Rotom Powers, which can be used to provide boosts similar to the Pass Powers from Generation V and O-Powers from Generation VI. However, in That New Old Gang of Mine!, Ash's Rotom Phone identified his Rotom Pokédex as a pure Electric type. Version 4: Unlocks at 100,000 Thumbs-Up. Adds maximum zoom. Uncommon Roto Exp. All have illustrations featuring the player characters Pokémon Sun and Pokémon Moon and several native Alolan Pokémon. The player can bond with the Rotom Pokédex by increasing its affection by talking to it or otherwise interacting with it in order to unlock new features, such as the Rotom Powers and Z-Rotom Power. Uncommon Roto PP Restore Fully restores the PP of your battling Pokémon. A stamp is added to the player's Passport. Tapping it at that point will cause it to react and gain a heart (30 affection points); it may also ready the Roto Loto or ask the player questions. When the player taps either of Rotom's eyes or the red part of its body, Rotom will shake and react in a variety of ways. Reason: How is the "thumbs-up" score calculated? Rotom Dex can give the player pieces of information and advice about game features. Common Z-Rotom Power In Pokémon Ultra Sun and Ultra Moon, the Rotom Pokédex gains this ability from when the player reaches at least 601 affection with Rotom. Common Roto HP Restore Fully restores the HP of your battling Pokémon. Version 2: Unlocks at 1,500 Thumbs-Up. Adds the ability to zoom. Due to Sun's mishandling of the Pokédex, Rotom refused to enter it and ran away in disgust. These nicknames may be Roto-first character in player's name), Roto Jr., or Master. The player can browse and search Pokémon species, view data about them, and look up their habitats. It can be activated by pressing the R button or tapping the camera icon in those select locations. Files: Two mini card files were released, each of which can display 104 cards. Despite being a Rotom, the Rotom Pokédex is unable to view information about Rotom. Quotes Main article: Rotom Pokédex/Quotes Artwork Sprites In the anime Rotom Pokédex in the anime Main article: Rotom Pokédex (anime) Ash received an Alola Pokédex from Professor Kukui in The Guardian's Challenge!. Because Rotom Pokédex does not battle, it never had a typing assigned to it over the course of Generation VII. Pokemon Coins The Rotom Pokédex was released as a coin for the TCG. Points your Pokémon receive after a battle a little. Answering these questions gives Rotom a heart and may ready the Roto Loto. The player's location is marked by a smiley face icon, with an arrow indicating the direction the player is facing. Map When the Rotom Pokédex is idle, the screen usually shows a map. However, that is its only function. Rotom Powers Name Description Rarity Roto Bargain Reduces the prices of products at Poké Marts by half. Version 5: Unlocks at 1,500,000 Thumbs-Up. Adds the ability to call Pokémon over to the player. Poké Finder This section is incomplete.Please feel free to edit this section to add missing information and complete it. Its eyes can also glow by tapping on Rotom if it has a sad look on its face. Originally, it was a regular Rotom that Professor Kukui requested to receive from a region outside of Alola so that he may use it to fuse with one of his Pokédexes. Version 3: Unlocks at 10,000 Thumbs-Up. Adds additional zoom. As a result, Moon was given the task of delivering Rotom to Professor Kukui while also using her pharmaceutical skills to keep it healthy along the way. In this view, the map stays centered on the player's immediate area. Rare Roto Boost Raises all stats of your battling Pokémon. In Pokémon Ultra Sun and Ultra Moon, the Rotom Pokédex gains more features, upgrades, and different personalities depending on how the player responds to it. Rotom will automatically use several Rotom Powers during the course of the story: Roto Experience when arriving at Melemele Meadow to retrieve Nebby, Roto Hatch after obtaining the Eevee Egg at Paniola Ranch, and Roto Prize Money when first passing through Route 11. The front illustration is of a forest scene with a Pokémon Center, while the reverse is that of a beach scene. This view also marks the location of any Pokémon Center the player has visited with an icon. If the player moves the map's cursor over different areas on the island, the top screen will show a snapshot of the area, a description of the area, and a list of landmarks within it. If the player is inside a building or certain locations (such as Ten Carat Hill), however, the map will remain stationary no matter where the player moves and will not display a directional arrow. The card box itself can store 90 cards in sleeves or 180 cards without sleeves, and also comes with 2 dividers. During the main story, a red flag may also appear, indicating a place the player is supposed to go. Pictures are then evaluated with a "Thumbs-Up" score.
